

A message from the Head of Mission

Engaging the civil society as a key component of the whole judiciary system in Palestine has always been at the heart of the interest of EUPOL COPPS. To that end, civil society was represented in the Civil Society Consultation meeting in Ramallah on existing 'fair trial' gaps in domestic legislation and judicial practice.

This workshop was organised by EUPOL COPPS, in collaboration with the High Judicial Council, the Ministry of Justice, the Attorney General Office, the Palestinian Civil Police, and the Palestinian Bar Association. We consider this event as an integral part of the wider approach in full realization of the right to a fair trial in Palestine. I would like to sincerely thank all of the participants whose contribution has enriched the discussion.
